

Secure Your Customers' Credit Card Payment Information

Let Us Assist Your Business in Implementing PCI

Payment Card Industry Data Security Standard (PCI DSS) is a set of information security guidelines in securing payment card data throughout the transaction and payment processor.

PCI DSS applies to any business or organization that transmits, processes, and stores cardholder data from the five major credit card providers (AMEX, VISA, MasterCard, Discover, JCB).

LGMS is a PCI SSC's qualified security organization as Approved Scanning Vendor (ASV) and Qualified Security Assessor (QSA) to independently validate an entity's adherence to PCI DSS. LGMS' specialized vulnerability scan solution is tested and approved by PCI SSC.

OUR COVERAGE

LGMS provides professional services in assisting businesses to achieve

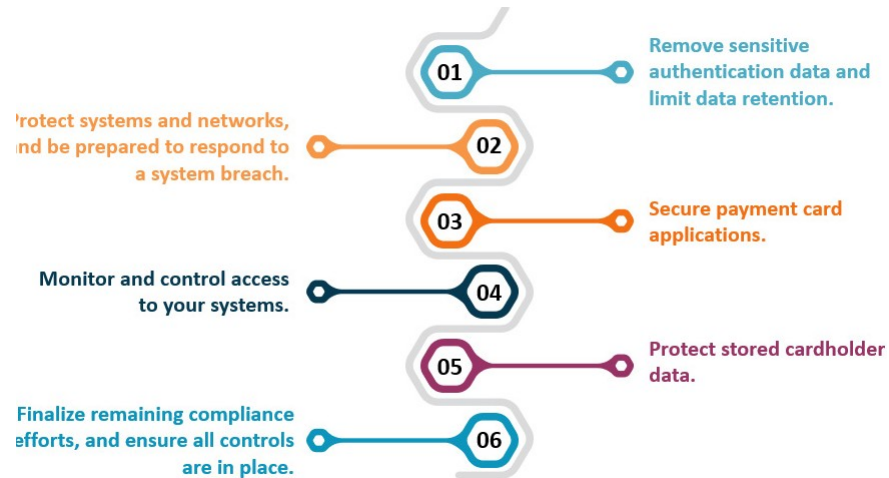

PCI DSS compliance:

- ▶ LGMS PCI ASV Scan and Reporting
 - PCI ASV Scanning Advisory and Attestation
 - Remediation Advisory for Identified Vulnerabilities
 - PCI DSS Compliant Reports
- ▶ LGMS PCI QSA Advisory and Onsite Assessment
 - PCI DSS Scoping and Gap Assessment
 - PCI DSS Implementation Advisory and Remediation Support
 - PCI DSS Onsite Assessment

PCI DSS Advisory & Assessment

LGMS approach to PCI DSS implementation advisory and assessment follows the six (6) milestones outlined in the Prioritized Approach for PCI DSS defined by PCI Security Standards Council. These milestones are mapped to each of the twelve PCI DSS requirements and sub-requirements. Hence, allowing a consistent approach in identifying risk areas, monitoring, and tracking compliance.

DELIVERABLES

Upon completion of the PCI ASV Scan, LGMS provides comprehensive report detailing the following:

- ▼ Scan Status, Scope Information and Attestation
- ▼ Vulnerability Details and Recommended Remediation
- ▼ Plan

Throughout the PCI DSS scoping and gap assessment, implementation advisory, and onsite assessment, LGMS provides the following:

- ▼ PCI DSS Scoping and Gap Assessment
 - Comprehensive report on PCI DSS in-scope components and detailed gap info with action plan.
- ▼ PCI DSS Implementation Advisory and Remediation Support
 - Remediation plan
 - Implementation tracking and compliance checklists
- ▼ PCI DSS Onsite Assessment
 - PCI DSS Report on Compliance (ROC)
 - PCI DSS Attestation on Compliance (AOC)

Securing the Future
